Owner Name:	PRAJWAL	Fine Amount:	INR 500.00
Violation Type:	HELMET VIOLATION	Status:	PENDING

AI Hazard Explanation

Dear citizen, we understand that sometimes wearing a helmet might feel inconvenient, but our cameras have detected that both you and your pillion rider were not wearing helmets while operating the vehicle with number plate DL7SAF8144. This is a serious safety violation. Helmets are not just a legal requirement; they are your most crucial safety gear on a two-wheeler. In the unfortunate event of an accident, even a minor one, not wearing a helmet drastically increases the risk of severe head injuries, brain damage, and even fatalities. Your head is incredibly vulnerable, and a helmet acts as a critical shield, absorbing impact and protecting you from abrasions and blunt force trauma. Statistics show that wearing a helmet can reduce the risk of head injury by up to 69% and the risk of death by 42%. Prioritizing your safety, and that of your pillion, by consistently wearing a properly fastened helmet can truly be the difference between life and death or permanent disability. Legally, this violation can lead to significant fines and even license suspension, but more importantly, it puts your life and the lives of those you care about at unnecessary risk. We urge you to always wear a helmet for every ride, ensuring a safer journey for everyone on the road.
